

CRYSTAL CROWN

by DIZZY PANDA ft. Finite Sly

DIZZY PANDA

Dizzy Panda are a duo from The Netherlands (Haarlem). They don't stick to a specific genre and like to blend genres with a touch of psychedelic/jazzy (Dizzy) or retro/chill (Panda) influences.

Like all panda's they have a bright and a dark side....

What's next?

DIZZY PANDA is working on several projects. You can expect some downtempo remixes and we will release another single before the album "Jazzepazz" will land.

But there will always be a surprise.....Panda's never sleep and cannot be trusted...

Crystal Crown.... JAZZ and SOUL!

At November 11th our next single 'Crystal Crown' drops at the streaming stores.

Crystal Crown is the first single taken from the album "Jazzepazz" that will be released soon. Finite Sly always wanted to do a jazzy track and added his lyrics and vocals to the track. A video will also be available at release day.

DIZZY PANDA

"Panda Points", the 15 track psychedelic electro trip-pop album was released at march 22nd 2022. The album was available on limited CD.
